Dear Magid

Herewith is a copy of a letter I have sent by mail to IRF, in accordance with the instructions that are in the Conference Proceedings, requesting permission to store my paper in a Portuguese open access publications database.

I would very much appreciate if you could follow this request.

Best regards,

António

Subject: Grant permission for article copying

Dear Sir,

I'm the author of the paper entitled "Assisting the Algerian Administration in the implementation of a road asset management system", which I have presented at the IRF Global R2T Conference & Exhibition held in Las Vegas last November. This paper is included in the Conference Proceedings (pp 85-98), on TS 2.1 - Asset Management Strategies – 1.

Since it is copyrighted, and following the indications provided, I hereby request permission to store a copy of the said paper in the publications database (DSpace) of my organization (LNEC), which is linked to the Portuguese Scientific Open Access Repository (RCAAP).

Thanking you in advance, I remain.

Yours sincerely,

The Head of the Transportation Department

António Lemos de Macedo
